ONE DAY LEFT — Tomorrow is the last day to pay utility bills in Murray without paying the late penalty. Murray Municipal Workers Pansy Ford and Sue Roberts are accepting payment here for the new combined utility bills. All three utilities, water, gas and electric, may be paid with one check, at either the Murray Municipal Utilities Building, Fifth and Poplar, or the Murray Electric System. There are also night depositories at both locations.

## \$3,800 In Cash And Prizes To Be Awarded At Horse Show

By PETE WYRO  
Murray Ledger & Times Staff Writer

When they saddle up for this year's Kentucky State Charity Horse Show to be held May 20 and 21 in the West Kentucky Livestock and Exposition Center, the exhibitors in the event will be competing for more than \$3300 in cash and \$500 in silver prizes.

And it's all been made possible by local and area businessmen and citizens.

In all, there are 95 cash prizes in 19 of the 22 classes for the competition. Won cash prize events include a silver trophy along with ribbons for those that place in the contest.

The classes, their sponsors, and trophy providers for the two night's events are indicated below.

For Friday night, the open pleasure pony cash prizes were sponsored by the local McDonald's while the silver trophy was made available by Dr. and Mrs. Donald Hughes.

Others Friday evening include: amateur three gaited horse, sponsor, Paschall Truck Lines, trophy by Sirloin Stockade; amateur Roadster pony to bike, sponsor, Stokes Tractor and Implement Co. and Fitts Block and Ready Mix, Inc., trophy by Paglia's Pizza; and the junior equestrian, ages 13 and under, trophy provided by the Murray Burger Queen.

Friday will also see the slow racking horse competition with prizes provided by the nearby "Mayfield Messenger," and the trophy by the Belcher Oil Co. of Mayfield.

Murray Federal Savings and Loan will sponsor the prizes for Friday's junior five gaited horse events, while the trophy will be the Dr. and Mrs. Rob Mason Memorial Trophy donated by Captain (U. S. Navy, retired) and Mrs. Gaylord Forrest.

Wells Electric is sponsoring the cash prizes for the amateur harness pony event while the trophy is made available by Freed Cotham and Co.; and Purdom and Thurman Insurance and Real Estate is providing the trophy for the 13 to 17 year old equestrian competition.

Rounding out Friday's classes, their sponsors and donors are the junior three gaited horse, sponsored by the Murray Holiday Inn and the Hal Perry Construction Co. of Benton, the trophy being provided by Boones Laundry and Cleaners.

Murray Lumber Co. and Murray Warehousing Corp. will sponsor the open fox trot horse event with Dwan Taylor Chevrolet Inc. providing the trophy; and, in the last of Friday's competition, the amateur five gaited horse event will be sponsored by Murray Insurance Agency while the trophy will be the Dr. F. E. Crawford Memorial Challenge Trophy donated by Mrs. Finney Crawford.

Saturday night will kick off a second slate of trophies and prizes, with the first being the American saddlebred three gaited pleasure horse competition which is sponsored by an anonymous "friend of the horse show" with the trophy being provided by Holton and Melugin Ins. Agency.

Others Saturday will include: the open roadster pony, sponsored by Peoples Bank with the trophy by Farmer's Grain and Seed Co.; the American saddlebred five gaited pleasure horse sponsored by Guy Gray Supply Co. of Paducah, with the trophy by Mr. and Mrs. A. B. Crass in honor of Walter Jones Sr.; and the style racking horse, sponsored by Murray Automobile Dealer's Association, trophy by Western Auto.

The Murray Ledger and Times will sponsor the prizes for Saturday's open fine harness pony class with the trophy being provided by Cherry's and the Cherry Branch, while DeVanti's Steak House will sponsor the trophy for the U. P. H.A. challenge cup equestrian class-chapter event.

Also, Saturday, Mayfield's Production Credit Association and Hutson Chemical Co. will sponsor the open three gaited horse class with the Simmons Challenge Trophy being provided by Mr. and Mrs. Audrey W. Simmons Sr.; and, Ted F. Billington, Consulting Engineer, and the Ryan Milk Co. will sponsor the open racking horse event with the George Hart Memorial Trophy donated by Mr. and Mrs. Gene Landolt.

Tappan Co. will sponsor the fine harness horse class with the trophy being donated by Ward-Elkins Co.; and completing the classes and their sponsors will be the road horse to bike class sponsored by Fisher-Price Toys, trophy by Kopperud Realty, and the open five gaited horse class, sponsored by the Bank of Murray and the Murray Electric System, with the trophy being the Frank A. Stubblefield Challenge Cup.

## Summer Institute At MSU To Focus On Freedom Of Expression

A three-week summer institute at Murray State University will focus on freedom of expression in the United States and the Soviet Union.

Sponsored by the Department of Political Science and Public Administration at the university and the American Bar Association, the Institute on Comparative Freedom of Expression will run from June 20 through July 11. It has been designed to reveal the extent to which differing viewpoints are tolerated by the two political systems.

According to Dr. Farouk Umar, chairman of the sponsoring department, the program will compare the American and Soviet legal systems and discuss the plight of Soviet dissidents and their treatment in comparison with the treatment accorded dissenters in the American system under the First Amendment.

Guest lecturers expected to participate include a representative of the Soviet embassy in Washington and these:

Kazimierz Gryzbowski, professor of the law at Duke University and author of "Freedom of Expression and Dissent in the Soviet Union"; and Dr. Michael S. Pap, director of the Institute for Soviet and East European Studies at John Carroll University in Cleveland, Ohio.

Also, Dr. Bernard A. Ramundo, professor of law at George Washington School of Law and author of "The Soviet Legal System - A Primer" and Lucas A. Powe, Professor of law at the University of Texas School of Law and former law clerk to U. S. Supreme Court Justice William O. Douglas.

Although the institute is designed primarily for pre-college-level teachers, graduate students are invited to enroll. Three semester hours of graduate credit can be earned and applied toward a degree, certification or renewal of certification by reregistering for one of the two courses involved.

POL 640-Seminar in American Political Systems and Processes or PLS 590-Special Problems in Comparative Freedom of Expression. The institute will be held in Room 206, Faculty Hall, from 1 to 4 p.m. Monday through Friday of the three weeks. A limited number of partial tuition scholarships also will be available to teachers.

## Two Injured Early Sunday In One-Vehicle Mishap

Two persons were injured in a one-vehicle accident early Sunday morning on Highway 641 South, according to the Calloway County Sheriff's Department.

Joey Butterworth, 14, Route One, is listed in stable condition today at the Murray-Calloway County Hospital after being injured in the accident. Hospital officials said Butterworth's leg was severely injured in the incident, and amputation was necessary.

Also injured was the driver of the pickup truck, Ricky Butterworth, who was dismissed today from the local hospital after being admitted for observation.

County officials said the truck, driven by Ricky Butterworth, 18, Route One, was traveling north on Highway 641, just north of Hazel, when it went out of control and struck a bridge guard rail.

The younger Butterworth was pinned inside the truck for about an hour, officials said, and the Murray Fire Department responded with the Jaws of Life apparatus to free the victim.

The Hazel Fire Department also responded to the call, to extinguish fires which kept erupting in the truck.

The accident occurred Sunday at about two a. m., county officials said.

One person was also injured in a two-car accident at the intersection of 12th and Poplar Streets.

Murray City Police, who investigated the accident, said cars driven by Timothy D. York, Route One, Benton, and Thyra C. Crawford, 205 North 17th, collided at the intersection.

Mrs. Crawford was treated and released at the Murray-Calloway

County Hospital for injuries received in the incident, officials said.

In other investigations by Murray City Police, two persons have been charged with robbery and first degree assault.

Police said L. C. Martin and Jack O. Sims are being held in city jail in connection with an alleged assault on Joe Wilson.

Officials said Martin is being held on \$1,500 bond and Sims is being held on \$750 bond, and that both are charged with robbery and first degree assault.

Police have also charged Lemuel T. Blanton, 506 North First, with third degree assault. Blanton allegedly struck Gladys Kendley in the face according to department reports. Blanton has been released on \$150 bond.

## Alleged Prostitution Activity Being Investigated By Officials

A Kentucky State Police official reported today that an alleged prostitution ring, with possible connections in Murray, is being investigated by the KSP's organized crime unit along with other agencies.

Trooper Richard Wright, information officer with Post One of the state police, said that a prostitution ring is apparently operating in several cities in Kentucky and Tennessee.

"It appears at this time that it is a large ring, possibly connected with organized crime in several cities not limited to Kentucky," Trooper Wright said.

The connection with Murray surfaced

when a student in a public affairs reporting class at Murray State University submitted a story he had written as a class assignment to the instructor, Dr. Carl Denbow.

Denbow told The Murray Ledger & Times today that the student, Holmes Harbison, reported he talked with a cab driver in Nashville who tipped him as to the alleged involvement of MSU coeds in the prostitution ring. The student could not be reached for comment on the article.

Denbow said that the story was offered to the Murray State News for publication but that the editors of the News decided against publishing the

account. Denbow said he had promised the story to a reporter for the Paducah Sun-Democrat if the News did not wish to use it.

Dennis Hill, co-editor of the News along with Babette Morgan, said today that the News' decision not to run the report was "solely mine and Babette Morgan's."

"We did not have time to give the story proper treatment and our decision not to run the story was based on what we considered to be good journalism," Hill said. "There was absolutely no pressure from the university administration to suppress the story," Hill added.

Denbow said that to get the story, Harbison reported he interviewed several of the MSU coeds allegedly engaged in the prostitution ring, but that he had not actually viewed any criminal activity.

The story surfaced when a portion of it was broadcast on an MSU-TV (cable channel 11) news program.

Dr. Constantine Curris, MSU president, issued the following

See, INVESTIGATION, Page 12, Column 2

## Energy Conservation Is Theme Of Program

Alan Blaustein, senior citizens director for Calloway County, has announced that he will begin collecting information from elderly and low income families who feel their homes or other dwelling places need improvements to conserve energy.

According to Blaustein, each residence will be evaluated to determine if modifications need to be made in the structure. Three main concerns dealing with conservation of energy will be inspected to ascertain if they meet specifications needed. They will be the following: (1) Is there infiltration? (holes, air vents not performing properly, cracks); (2) Is there proper insulation? (either under-insulation so that the house is losing energy or over-insulation so that the house cannot breathe); (3) Is underpinning sufficient? (house properly enclosed around bottom).

If a home needs improvements, after determination is made according to inspection of the home, and if family's income qualifies, the repairs will be made at no charge to the recipient.

being either a renter or home owner, a spokesman said.

For more information, contact Blaustein at the Senior Citizens Office, 753-2920.

## Calloway High FFA Is Rated Among Top Four

The Calloway County High School Chapter of the Future Farmers of America has been rated as one of the top four chapters in the state of Kentucky, according to reports released by the state rating committee and Larry Gilbert, one of the chapter advisors, who attended the special rating session held in Louisville on Friday.

Calloway, one of 160 chapters in the state of Kentucky, will be presented with the gold emblem at the state convention to be held at Louisville in June as a result of this special rating.

This is the third consecutive year for the chapter to be rated in the top ten in the state. The chapter will be rated on

the national level at Kansas City in November.

Kenneth Paschall of the Calloway Chapter was rated as first in the state for dairy production and this is the third year for the chapter to win the state dairy production honor.

Joe Dan Taylor of the Calloway Chapter was rated as second in the state burley tobacco contest.

Other advisors of the local chapter are Eugene Chaney and Carmon Parks.

The Calloway Chapter won first-place, over-all, in the annual FFA Field Day held at Murray State University on April 29.

## Juried Section To Be Highlight Of Annual Arts And Crafts Fest

A special juried section will be the featured highlight of the 8th annual Arts and Crafts Festival set for TVA's Land Between The Lakes Saturday and Sunday, June 25-26, 1977.

Spokesmen for the Murray Art Guild indicate the juried section will be open to two-dimensional paintings of any media. All work in the juried section must be original and must have been completed after January 1, 1975.

This year's festival will again be centered in the Environmental Education Center at Land Between The Lakes, TVA's 170,000-acre public outdoor area in western Kentucky and Tennessee.

First held in 1969, the festival attracted more than 200 exhibitors last year and some 30,000 spectators. The show will open both Saturday and Sunday at 9 a. m. and continue through dusk.

Preregistration will be required for the juried section which will offer ten prizes totaling \$380. One first-place award will receive \$100; two second places will receive \$60 each; three third-place winners will receive \$40

each; and four honorable mentions will receive \$10 each.

In order to enter a two-dimensional piece of work in the juried section, the work must be framed and equipped with hangers (large canvas work does not have to be framed if properly finished); all entries must be delivered by hand Saturday, June 25, by 8 a. m.; judging will be completed by 11 a. m.; and all entries must be removed by 5 p. m. The entries will be exhibited for judging in a tent near the registration table.

Rules and regulations for other exhibitors in the festival include:

— only original works of art by the exhibitor, such as paintings, sculptures, wood carvings, pottery, and photography will be accepted;

— manufactured goods including works from craft kits, poured ceramics, plasticast, polydome, printed needlework, decoupage, or paintings copied entirely from another picture will not be accepted;

— individuals or guilds may set up where they please within the area on a first-come, first-served basis.

Exhibitors will be responsible for their own exhibits, including display equipment.

TVA will not be responsible for personal goods; however, security police will be in the area;

— vehicles may be driven onto the grounds to load and unload, but must be moved to the parking area during show hours unless they are an integral part of the exhibit (advance permission required);

— each exhibitor will be responsible for space used and shall police the area for litter;

— all materials used for display must be removed at the close of the festival Sunday.

Persons desiring to exhibit works in the festival should submit an application to the Murray Art Guild, 103 N. 6th Street, Murray, KY 42071, prior to June 10, 1977.

Exhibitors will be charged a fee of \$8 plus \$2 extra for each entry in the juried section.

Application forms are available from the Art Guild. The event is co-sponsored by the guild and TVA's Land Between The Lakes.

## Ethel Wants Nose Job, Not Character

DEAR ABBY: My daughter (whom I shall call Ethel) is graduating from high school in June, so my rich sister sent her a check for \$1,500 with a note, "To get your nose fixed, honey."

Now, Abby, Ethel's nose isn't that bad. She resembles my father, and his nose goes with his face. Some of Ethel's friends have had their noses fixed, and she's been after us ever since to get hers done. We kept saying we couldn't afford it. Now what can we say?

I am so burned up at my sister I can hardly see to write this. She had HER nose bobbed a few years ago and now she looks like Marlo Thomas, but I think her old nose had more character.

Abby, do you think my sister had the right to send our daughter a check for a nose job knowing how we fought against it? And should we let Ethel do it, even though we don't think she really needs it?

### FAMILY NOSE FIGHT

DEAR NOSE FIGHT: Your sister should have kept her bobbed nose out of your family fight. But consider your daughter. HER nose doesn't have to go with her grandfather's face. And if a girl's character is in her nose, heaven help her.

If Ethel thinks she needs to have her nose bobbed, she needs it. Take her to a certified plastic surgeon for a consultation. He won't chisel needlessly.

DEAR ABBY: Whatever became of the old-fashioned, red-blooded virile male who could get excited about a lovable, feminine woman?

Lately, all the men I meet are either interested in other men, or practically impotent because the Women's Libbers have made them feel they're not needed for anything!

The last few men I dated sounded like they were all playing the same recording: It started with the alimony blues and ended with, "I don't want to get serious with another woman as long as I live!"

Abby, please tell me where to find a good old-fashioned man who's all man, and I'll go there tomorrow.

### STATEN ISLAND

DEAR STATEN: Staten Island is loaded with them. Stand still, and one will catch up with you. They're all looking for a lovable feminine woman they can get excited about.

DEAR ABBY: Please say a word in your column about these extravagant weddings people put on. I understand such catered affairs run from \$25 per person on up.

If the bride's parents spend \$25 per guest, the invitee is obligated to buy a gift of the same value.

In our case, the wedding invitation our family just received will cost us \$150 to accept.

At those prices, we would have considered it a kindness not to have been invited.

DEAR C: Where is it written that a guest must match the cost of being entertained by presenting a gift of equal value? A gift is always voluntary—never obligatory.

Everyone has a problem. What's yours? For a personal reply, write to ABBY, Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

## Your Individual Horoscope

Frances Drake  
FOR TUESDAY, MAY 10, 1977

What kind of day will tomorrow be? To find out what the stars say, read the forecast given for your birth Sign.

**ARIES** (Mar. 21 to Apr. 20)   
Stars present a quiet picture. Inject a bit of pep into activities where needed. Incentive can be tailored to meet top requirements.

**TAURUS** (Apr. 21 to May 21)   
Be guided by logic in stress periods. Give anxiety no quarter. Be prepared to cope with some minor obstacles which may appear.

**GEMINI** (May 22 to June 21)   
Crush any desire to postpone important moves. Strike while the time is propitious and the opposition is off-balance.

**CANCER** (June 22 to July 23)   
Some changes or adjustments may be necessary. If so, handle in your usual philosophical manner. Where you should "stand pat," however, be firm—but with tact.

**LEO** (July 24 to Aug. 23)   
Don't let your enthusiasms get the better of you. Your ambitions should be controlled if the course they take makes you ruthless with others.

**VIRGO** (Aug. 24 to Sept. 23)   
A potent Mercury day stimulates your versatility, ingenuity and general mental alertness. Cooperate with helpful influences and it will pay off.

**LIBRA** (Sept. 24 to Oct. 23)   
You may find yourself drawn in two directions at once. This is the time to stop, look and listen. And, remember, the "easy" road is not necessarily the best one.

**SCORPIO** (Oct. 24 to Nov. 22)   
Something you hear may cause you to suspect backstage maneuvering, but don't let it lessen your self-confidence. Keep going as you planned and ignore rumors.

**It Begins At 40**  
Life is not the only thing that can begin at 40. It's a good idea to ask your doctor for a "procto" when you have your regular health examination. This procedure can help find colorectal cancer in an early stage, when it's most curable. So while enjoying life after you turn the magic number, make sure it's for keeps. Says the American Cancer Society.

Joel D. Tobey, son of Frederick and Winnie Joyce Tobey of Kirksey Route One, was selected as outstanding manufacturing engineering technology senior at Murray State University and was recognized at the annual honors day program.

**SAGITTARIUS** (Nov. 23 to Dec. 21)   
Your versatility pays off now. An ingenious suggestion you make in a tricky job situation not only works out but wins plaudits.

**CAPRICORN** (Dec. 22 to Jan. 20)   
Avoid a strong tendency toward wishful thinking. Realism and objectivity needed in all situations. Optimism, too!

**AQUARIUS** (Jan. 21 to Feb. 19)   
Don't jump to hasty conclusions. Even where long-postponed changes are due, do not make them impulsively. Best efforts could be rendered futile by anxiety, premature action.

**PISCES** (Feb. 20 to Mar. 20)   
Certain situations could disconcert—if you permit. Don't look to the past for answers. Look to the future and, for the present, ride with the tide.

**YOU BORN TODAY** are a persistent and determined individual, extremely active and enthusiastic about life in general. Persons born under Taurus are tops in many fields, and their vocations are numerous. Your natural pace is too much for some, but you go plowing along tenaciously while others wonder at your stamina. Extremely versatile, you could succeed in many fields, but especially in science, the arts, the law, jurisprudence or teaching. Birthdate of: Claude Rouget de Lisle, composer of "La Marseillaise"; James (Viscount) Bryce, Eng. jurist, statesman; Fred Astaire, dancer, stage and film star.

## Carol Hibbard Medalist At Club; Pairings Announced

Several foursomes braved the elements on May 4 to finish nine holes of golf and deserve the special title of "Dedicated Golfers." Carol Hibbard was Medalist and Betty Stewart and Betty Jo Purdom tied for Low Putts.

Inus Orr won first flight honors and Dorothy Fike claimed the Low Putts. There were no finishers in the second flight, but Pat MacReynolds carded the winning score for the third flight.

On May 11 the lady golfers of Murray Country Club will again tee-off for a day of competition and fun. The line-up will combine ladies in the championship and first flights and ladies in the second and third flights to allow more varied foursomes, but prizes will be awarded according to each flight.

Those who wish to play but are not listed in the pairings should come and be paired at the tee. If unable to play ladies are asked to call golf hostess, Betty Lowry at 753-1285. Pairings are as follows:

**Tee No. 1**  
9 a.m. - Betty Jo Purdom, Inus Orr, Jerlene Sullivan, Dorothy Fike  
9:10 a.m. - Carol Hibbard, Cathryn Garrett, Phyllis Kain, Eulene Robinson  
9:20 a.m. - Venela Sexton, Elizabeth Slusmeyer, Frances Hulse, Margaret Shuffett  
9:30 a.m. - Betty Lowry, Sue Costello, Anna M. Adams, Aurelia Batts  
**Tee No. 4**  
9 a.m. - Betty Stewart, Alice Purdom, Faira Alexander, Euva Nell Mitchell  
9:10 a.m. - Toni Hopson, Bettye Hunter, Edith Garrison

**Donna's Needlepoint Designs**  
Complete Needlework Shop  
**Strawberry Season Sale**  
(Now through May 14)

- 50% off All Strawberry Designs
- 20% off Kits (including Latch-Hook-Rugs)
- 10% off Pre-Worked Canvas
- Yarns Canvas Yardage

Bank Americard Master Charge OPEN 10 to 5 6 Days A Week 101RS. 13th - Murray, Ky.

## SCHOOL LUNCH MENU

The menus for the week of May 9-13 for the lunchrooms at the Murray City Schools have been released by the Food Service director, Glenda Jeffrey. They are subject to occasional change and are as follows:

**MURRAY HIGH** - Monday - turkey and gravy, ham sandwich, and cake; Tuesday - submarine, pizza, and donuts; Wednesday - meatloaf, chicken fried steak, rolls, and jelly; Thursday - tacos, wiener winks, and chocolate cluster; Friday - sloppy joe, balogna, and cookie. Salads, cold plates, and choice of fruits and vegetables are available daily.

**MURRAY MIDDLE** - Monday - fish sandwich or hamburger and chocolate cluster; Tuesday - pizza or hot dog and cookie; Wednesday - meatloaf or hamburger; Thursday - tacos or hot dogs and cake; Friday - grilled cheese or hamburger and cookie. A choice of fruits and vegetables are available daily.

**CARTER AND ROBERTSON** - Monday - toasted cheese, green peas, fruit salad, and cookie; Tuesday - beef and gravy, creamed potatoes, peaches, rolls and jelly; Wednesday - pizza, corn, jello with fruit, and cookie; Thursday - Carter, hamburger, tri tater, pineapple ring, and donut; Robertson, Hamburger, french fries, applesauce, and donut; Friday - turkey salad, potato chips, carrot sticks, and apple.

## Miss Nancy Lovett Is Married To Jerry Tucker At Church

The wedding vows of Miss Nancy Lovett, daughter of Mr. and Mrs. James Lovett of Route Two, Buncombe, Ill., and Jerry Tucker, son of Mr. and Mrs. Dale Tucker of Kirksey Route One, were solemnized in an impressive candlelight ceremony at the First Baptist Church, Vienna, Ill.

Performing the double ring candlelight ceremony was the Rev. Charles Cooper as the couple stood before an arch decorated with blue daisies, white carnations, blue streamers and bows, and greenery. Flanking the arch were candelabra with each holding seven candles, and baskets of daisies and blue carnations. The couple lit the large white unity candle with two blue candles.

### Bride's Dress

The bride, given in marriage by her father, was lovely in her wedding gown of chantilly lace and organza accented with seed pearls and designed with a Mandarin neckline and bishop sleeves. The skirt had a band of lace and wide flounce ruffles.

She wore a chapel length veil with matching lace edge, and carried a bouquet of delicate clouds of baby's breath featuring daisies and miniature carnations.

Mrs. Phyllis Kaler of Paducah was the matron of honor and wore a soft blue knit gown trimmed with lace and a big bottom ruffle. She carried white carnations tied with blue ribbon.

The bridesmaids were Miss Cindy Johns and Miss Wanda Corzine. They wore soft blue knit gowns trimmed in lace and blue floppy hats, also trimmed in lace.

Theodore Kaler served as best man with Roger McBride and Jimmy Lee serving as groomsmen. Rodney Lovett, brother of the bride, and Dale Poole were ushers.

Miss Melina Corzine, flower girl, carried a basket of white mums tied with blue ribbon. Kevin Parkhurst, ring bearer, carried a heart shaped ring pillow.

A program of nuptial music was presented by Marilyn Sanders, organist, and Patti Harper, soloist. Cleo Jones was in charge of registering the guests.

Mrs. Lovett, mother of the bride, wore a floor length blue gown, and Mrs. Tucker, mother of the groom, wore a floor length pink gown. They both had blue corsages.

### Reception

Immediately following the

Mr. and Mrs. Jerry Tucker

ceremony, a reception was held in the church basement. Serving at the bride's table were Pat Fairless and Patti Harper. Linda Oliver was in charge of the gifts.

After a short wedding trip to Lake Barkley Lodge, the couple is now residing at Kirksey. The groom is employed at the General Tire and Rubber Company, Mayfield.

Mrs. Cavitt sits in the den of her home. The large window was where a chimney and grate were before they remodeled the room. Note the cornice board and the draperies back of the couch and the attractive hanging light fixtures.

Mrs. Cavitt stands at the cooking center of her lovely modern kitchen and shows the egg basket filled with eggs which was a special craft project of the Calloway County Homemakers Clubs. In the foreground is the dining room table which belonged to her grandmother, Eugenia Snow. The table is of gummed wood and Mr. and Mrs. Cavitt refinished the table and added the set-in formica top. The table opens out to seat ten persons.

Joanne Cavitt and her husband, Perry, are pictured in the den of their home.

## Local Woman Is Active In Areas

Story and Photos By Jo Burkeen

A wife, mother, homemaker, dressmaker, upholsterer, singer, church worker, and grandmother are just a few of the many ways to describe one Calloway County woman, Joanne Cavitt.

Mrs. Cavitt is now serving as president of the Calloway County Homemakers Club Council and has been active in the work of the organization since becoming a member of the South Murray Homemakers Club.

She, along with Mrs. Dan (Marilyn) Bazzell, is a contributing member of the Associated Country Women of the World and will be attending the first luncheon of the Kentucky ACWW in Lexington on Thursday, May 12, as a part of the Kentucky Homemakers Club meeting there.

Mrs. Cavitt and her carpenter-designer husband, Perry Cavitt, reside at their recently remodeled home at the intersection of North 16th Street Extended and the Penny-Poor Farm Road, Murray Route Two. They have resided at the same country home for nineteen years, and Mrs. Cavitt said we have been remodeling the house since the day we moved into the home.

The most recent remodeling consisted of adding the colonial entrance with side entrance as designed by Perry with the dental work around the front. Mr. Cavitt is a designer-artist along with his carpentry profession. Mrs. Cavitt said they planned these remodeling projects of the home and between the two of them, along with their seventeen year old son, Mickey Cavitt, a junior at Calloway County High School, they do the work.

In the last remodeling project they added eight feet on the west end of the living room and added the fireplace, designed of Old Atlanta blend brick. By taking the partition out between the kitchen and living room the whole north side is open with gingerbread divide between the kitchen-dining room and the living room. She used the same kitchen cabinets and has also added a patio on the east side. Another interesting thing about this patio was that Mrs. Cavitt, with the help of her son, used the old brick from the house and laid the bricks for the patio.

Another special project of the Cavitt family was the dining room table that belong to her late Grandmother Eugenia Snow. The table of gummed wood was refinished by the Cavitts who added a set-in formica top. The table opens out to seat ten persons.

Mrs. Cavitt makes her own drapes, upholsters her own furniture along with also refinishing, makes her own clothes even to covering shoes and making two pairs of boots from shoes.

The wife and mother is an active member of the Seventh and Poplar Church of Christ where she sings with a Church A Capella group for weddings, etc. She is also a member of the ensemble and chorus of the Music Department of the Murray Woman's Club. She works parttime for the Peoples Bank of Murray and recently taught an eight weeks course on "Live It More Abundantly" at her church.

She and her husband, Perry, the latter a past president of the Murray Kiwanis Club, have one son, Mickey, at home, and two daughters, Mrs. Kent (Diana) Hale of Memphis, Tenn., and Mrs. Keith (Vicki) Burton of Jacksonville, Fla. They have four grandchildren, Kerry and Cassandra Hale and Benjamin and Emily Burton.

### Tuesday, May 10

Murray Quota Club is scheduled to meet at twelve noon at the Triangle Inn.

Groups of First Baptist Church Women will meet as follows: I with Mrs. James Smith at nine a. m., II with Mrs. Fred Phillips at ten a. m., and III with Mrs. Ed Adams at two p. m.

Homemakers Clubs will meet as follows: Paris Road with Mrs. Ina Nesbitt, New Providence with Mrs. Iris Casteel, and Coldwater with Mrs. Charles Joe West, all at one p. m., and Suburban with Mrs. Prentice Dunn at seven p. m.

Elm Grove Baptist Church Women will meet with Mrs. Jimmie Lee Carmichael at 1:30 p. m.

### Wednesday, May 11

Homemakers Clubs will meet as follows: Pottertown at Colonial House Smorgasbord at ten a. m., South Pleasant Grove with Beverly Foutch at 1:30 p. m., and New Concord with Mrs. Darrell Mitchell at one p. m.

Arts and Crafts Club will meet with Mrs. A. M. Thomas, 803 Sha-Wa Circle, at 2:30 p. m.

Hazel Senior Citizens will meet at one p. m. at the Hazel Community Center.

The colonial entrance was designed by Mr. Cavitt using the Old Atlanta blend brick. Mr. Cavitt also designed the dental work around the colonial entrance with side entrances. This special remodeling was just completed during the past fall.

This is the west end of the living room of the Cavitt home which has just been remodeled during the past year with the fireplace being of Old Atlanta blend brick. Note the raised hearth across the room. Mrs. Cavitt is looking up at the drift wood arrangement that she made with the help of her husband, Perry. She just recently upholstered the love seat with a little help of one of her grandsons, Kerry Hale, age 3 1/2.

## COMMUNITY CALENDAR

### Monday, May 9

Baptist Young Women of Memorial Baptist Church will meet with Margaret Wilkins at seven p. m.

Mattie Belle Hayes Circle of First United Methodist Church Women will meet in the Senior Youth Room of the church at seven p. m.

Skating party for children, through age 12 and their parents will be from six to eight p. m. and for age thirteen through adults will be from eight to ten p. m. at the local rink by the Churches of Christ. Cost is fifty cents for skates.

Reservations for ladies luncheon Wednesday at Murray Country Club should be made with Mrs. James H. Boone by tonight.

### Monday, May 9

Stars and Stripes Homemakers Club will meet at the Extension office at seven p. m.

Recovery, Inc., will meet at First Presbyterian Church, Main and 16th Streets, at 7:30 p. m. This is a group therapy meeting for all persons.

Cordelia Erwin Circle of South Pleasant Grove United Methodist Church Women will meet at seven p. m.

Calloway County High School Band Boosters Club is scheduled to meet at seven p. m.

Sigma Department of Murray Woman's Club will meet at 7:30 p. m. at the club house with Mrs. Harlan Hodges as speaker.

### Monday, May 9

Murray High School Mixed Chorus will present a musical program in the high school gym at seven p. m. No admission.

North Pleasant Grove Cumberland Presbyterian Church Women will meet with Mary Eva Lowe at seven p. m.

### Tuesday, May 10

Hardin Senior Citizens will have a social breakfast from 7:30 to ten a. m. with shopping from then to four p. m.

Ellis Center will open at ten a. m. for senior citizens activities with work on place mats and quilting at 10:30 a. m., sack lunch at noon, band practice at one p. m., and shuffleboard at 6:30 p. m.

Freed-Hardeman Associates will meet Tuesday at seven p. m. at the University Church of Christ annex.

Ruth Warren Group of Sinking Spring Baptist Church Women will meet with Linda Roach at 7:30 p. m.

Murray Star Chapter No. 433 Order of the Eastern Star will meet at the new lodge hall at 7:30 p. m.

Murray TOPS Club will meet at seven p. m. at the Health Center.

Circles of the First United Methodist Church Women will meet as follows: Alice Waters with Mrs. Willard Alford, Bessie Tucker with Mrs. Thage Uddberg, and Maryleona Frost with Mrs. Thomas Pitts, all at 9:30 a. m., and Faith Doran in the senior youth room at two p. m.

1. You have seen the UL Label on an appliance. What does it really mean?
2. The first thing to do after buying a new lawn mower is:
3. Read the owner's instruction manual.

### ANSWERS

1. It's a label from Underwriters Laboratories (UL) which tells you that the product design has been tested and evaluated to determine that it meets or exceeds the electrical safety requirements and related accident hazards. Read the owner's instruction manual carefully and know the various parts and what they do. Study the manual thoroughly, observing the safety notes and warnings. Provided as a public safety service by Underwriters Laboratories.

Sour cream and minced fresh chives are a popular topping for baked potatoes. If there are no chives at hand, use ever-available green onion tops.

## Our Hospital

During the week of May 8-14, the Murray-Calloway County Hospital is joining with the nation's more than 7,000 hospitals and the American Hospital Association in the observance of National Hospital Week.

The theme of the this year's observance is "We put the care in health care," and our local facility certainly does that.

We can take pride in the quality of health care services in our community and our nation.

Yet, during this celebration, our hospital hopes to do more than highlight its many quality programs of health care.

During this observance, hospitals across the nation, including our local hospital, are encouraging each American to

take a moment to think about its own health.

Today, many health care experts are joining hospitals in suggesting that a way to improve each individual's health is to increase his awareness of what he can do to improve or stabilize his own state of health.

During this year's National Hospital Week, our local hospital is urging you to think about your own health. Think about participating in the health education or health screen programs offered locally and think about contributing to your own well being by adopting a more health-conscious life style.

Working together, we and our hospital can help guarantee that our nation's people will continue to be healthy.

### Letter To The Editor

## Christian Family Week

Dear Editor:

I must not let this week of May 1-8 go by without writing something for Christian Family Week, for Christian families is one of the greatest needs of today. We all know if our national home life were truly Christian, our nation would be, too. I love the true message in our *Temperance Voice of Song* — "Back to God, O America."

"May I quote some from it?"

"Our fathers built our country dear

Upon the Word of God: So must we too

go back again, Tread where our fathers

## 10 Years Ago

Melanie Boyd is valedictorian and Nancy Baker is salutatorian of the 1967 graduating class at Murray High School. Linda Ryan and Dan Miller are third and fourth honor students respectively.

Galen L. Outland and Homer F. Barrow, both Private First Class with the U. S. Army, are now stationed in Vietnam.

Yvette Watson, daughter of Mr. and Mrs. Dwight Watson, student at Calloway County High School, was elected as Kentucky's delegate for the Future Business Leaders of America to the national convention in California at the state meeting in Louisville.

Mrs. Estelle Outland was speaker at the meeting of the Faxon Mothers Club held at the school.

Murray High beat South Marshall and North Marshall beat Benton in the first round of the First District Baseball Tournament. For Murray High Allen Grogan was the winning pitcher and Burton Young and Bobby Campbell led the hitters with three hits each.

## 20 Years Ago

Six indictments were returned by the Grand Jury to Judge H. H. Lovett for the May term of Calloway Circuit Court. E. F. Settle was the grand jury foreman.

Deaths reported include Ike Wilkinson, age 83.

Sandra Bedwell, Robert Young, and Larry Rhodes won district championships for their demonstrations at the 4-H Club Rally held at Paducah at May 4.

Highway projects approved by the Kentucky Department of Highways for Calloway County include Old Concord-Boydsville Road, Salem-Coldwater Road, and Kirksey-Almo Road, according to State Rep. Owen Billington and Highway Commissioner Ralph McCutcheon.

A plant bed tour was held today at the farms of James Harris, Ollie Workman, and Purdon Lassiter.

## MSU Schedule Of Events

### TUESDAY, May 10

A dinner meeting honoring Future Farmers of America from high schools across the eight Jackson Purchase counties of Kentucky who have received superior ratings in proficiency contests will begin at 6 p. m. in the Beshear Gymnasium of the Student Center.

### FRIDAY, May 13

Murray State's graduating seniors in nursing will be honored and receive their pins in an 8 p. m. ceremony in

Mason Hall. Families and friends are invited.

### SATURDAY, May 14

Graduating ceremonies climaxing the 1976-1977 school year will begin at 10 a. m. in the University Fieldhouse. The commencement speaker will be Miss Rubie E. Smith, retired chairman of the Department of Elementary Education and the university's Distinguished Professor of the Year in 1974-75. She will be speaking to Murray State's 54th Spring graduating class.

### Agree Or Not

## Nation Is Not Going To Starve

By S. C. Van Curon

By S. C. VAN CURON  
FRANKFORT — Contrary to what Democratic politicians said during the last presidential campaign, this nation is not going to starve to death or be short of grains this year.

The fact is, the U. S. Agriculture Department says there are plenty of grain supplies on hand until the new crop comes in, and the only one that may be getting low by October is soybeans.

The real problem facing Kentucky and the nation is transportation and storage. Kentucky Agriculture Commissioner Thomas O. Harris says Kentucky grain growers have been facing car shortages since the harvest season last fall when Kentucky farmers harvested a record corn and soybean crop.

James M. Koepper, U. S. Crop Reporting Service, Louisville, said all indications are that Kentucky's grain crop will be larger this year. He said "intentions to plant" show an 18 per cent increase for soybeans this year in Kentucky and 11 per cent nationally. He said that Kentucky wheat planting will be 12 per cent off of last year, "but Kentucky really isn't important in wheat production." The corn crop also will be larger.

Koepper also said nationally that

seeded winter wheat is "three per cent below last year." Intentions to plant spring wheat "is down 39 per cent on Durham and 10 per cent down on other varieties of spring wheat."

However, the moisture conditions are better in the Dakotas this year than last and that actual production this year could approach last year's if conditions remain favorable.

The wheat carryover from last year's crop remains at a staggering one billion 387 million bushels. Other grains in storage nationally as of April one are: corn 3 billion, 270 million bushels; sorghum grains, 296 million; oats, 263 million; barley, 188 million, and soybeans, 615 million. These figures include stocks on farms and off-farm storage.

Koepper said the ability of the U. S. farmer to produce is staggering.

Kentucky had 9,079,000 bushels of soybeans in storage as of April 1.

Other Kentucky grains in storage: wheat, 3,284,000 bushels; barley, 271,000; corn, 56,262,000; rye, 83,000; sorghum grains, 368,000.

The Midwest has long been known as the "breadbasket" of America. As a personal observation, indications are that the United States is going to be called upon in the future as the breadbasket for the world. Generally speaking, all across the world people are better fed now than ever before in history.

The Arab oil nations are now relatively rich in monies and are demanding more food supplies in the world market. They are able to pay and are good customers of the United States. Japan is a big customer, and India is a potentially big customer. But one of the biggest will be China if diplomatic relations can be arranged for international trade.

Koepper, U. S. Crop Reporting Service, sees increased storage as one of the big needs, particularly on-farm in the case of Kentucky. There is no accurate figure for on-farm storage in the state, but off-farm storage is only 44 million bushels in comparison to Kansas' off-farm storage of 780 million bushels. Nationally, off-farm storage capacity for grains is 6,276,550,000 bushels.

Harold Henderson, general attorney for the L. & N. Railroad, said the real problem with transportation now is that the last year or so has caught the railroads "off guard" for the "unprecedented demands" for grain cars after the harvest season is over. He said L. & N. had planned "space ahead for five years" for railroad cars and this "isn't meeting present demand." He said railroads he is familiar with in this area of the midwest are "in the same boat."

He also noted that you just don't go to the supermarket and buy railroad rolling stock. He said the railroads are doing everything possible to beef up the new car supply and get "bad orders" back in service. He noted that the "demand by grain elevators for grain cars is unprecedented."

Koepper gave these figures for grains in storage in the U. S. as of April 1: All figures are by bushels; wheat 1 billion, 387 million; corn, 3 billion, 270 million; sorghum grains, 296 million; oats, 263 million; barley, 188 million and soybeans, 615 million.

If the nation gets down to 1.5 million bushels of soybeans by Oct. 1, the supply will be very low, he said.

The demand has been so great for U. S. grains in the last two years that storage and transportation facilities just haven't been able to keep up with the American farmer's ability to produce.

## The Editor's Notebook

By GENE McCUTCHEON

Murray Ledger & Times Editor

Seattle Slew really slew 'em in the Kentucky Derby Saturday afternoon even though it looked for a while like For The Moment was going to run a tough race.

For The Moment fell back considerably after the last turn in the race, though, and we think another One-eight of a mile could have given Run Dusty Run and Sanhedrin a shot at catching the unbeating Seattle Slew.

Another bit of good news for coffee drinkers battling the high price of the beans. A couple in Helena, Mont., is doing a booming business selling malted barley as a coffee substitute and extender.

Don and Nancy Burnham used to sell most of the malted barley they raise on their ranch just outside of town to breweries, according to an Associated Press report.

Now, a good portion of it is sold to former coffee drinkers miffed by the escalating price of their favorite brew.

Mrs. Burnham said the couple has sold \$350 worth of raw and roasted barley to Helena-area residents since January.

Roasted barley is going for \$1.50 a pound, raw barley for just 15 cents a pound.

Mrs. Burnham said the barley can be used either as a coffee substitute or a coffee extender.

Many persons use half coffee and half barley in the percolators, she said, with the result looking and tasting like coffee.

## Today In History

By The Associated Press

Today is Monday, May 9, the 129th day of 1977. There are 236 days left in the year.

Today's highlight in history: On this date in 1936, Italy annexed Ethiopia, and King Victor Emmanuel was proclaimed emperor.

On this date: In 1502, Christopher Columbus set out from Cadiz, Spain, on his fourth and last voyage to the New World.

In 1926, U. S. Navy Commander Richard Byrd and Floyd Bennett became the first men to make an airplane flight over the North Pole.

In 1944, during World War II, the Soviets recaptured the Black Sea naval base of Sevastopol.

In 1957, President Ngo Dinh Diem of South Vietnam addressed a joint session of the U. S. Congress during a visit to Washington.

In 1963, an agreement was reached to halt racial violence in Birmingham, Ala.

In 1974, the U. S. House of Representatives Judiciary Committee began its formal inquiry into the conduct of President Richard Nixon.

Ten years ago: Zakir Husain became the first Moslem president of India.

Five years ago: Hundreds of U. S. planes and a naval force struck anew at North Vietnam after American mining of the country's ports to cut off supplies.

One year ago: New earthquakes hit northeastern Italy, bringing the known death toll to 753.

Today's birthdays: Singer Hank Snow is 63 years old. The activist Catholic priest, Daniel Berrigan, is 56.

Thought for today: "A thing is not necessarily true because a man dies for it" — Oscar Wilde, Irish writer, 1854-1900.

Nancy uses 1½ measures of coffee and an equal amount of ground, roasted barley to make an eight-cup pot of "boffee or carley," whichever you prefer to call it.

O+O  
The White House has confirmed that 73 members of the President's transition staff last December and January received cash advances for 600 trips to Annapolis, Md., which they never took. Is a new Washington "scandal" breaking? Not really.

The explanation is rather simple. Some members of the transition team were strapped for cash. They had to go without income for as long as six weeks until the payroll was set up and they could receive their salary checks. According to a White House Spokesman, travel expenses were doled out as a substitute for advances on their pay. The government later was reimbursed.

So this finagling with falsified travel vouchers had a legitimate purpose. But it is still a poor way to introduce new employees to the ways of working for the U. S. government.

It will be four years and possibly eight before another White House transition occurs, but it is not unlikely that the start-up of new government programs or offices will create the same problem for new employees. Is signing false vouchers going to be the accepted way to solve it?

Congress should see to it that the laws governing disbursement of salary funds are flexible enough to avoid any inducement for what amounts to fraud. The first thing a government employee should learn is that expense vouchers aren't a substitute for a petty cash fund or a personal loan.

## Bible Thought

I hate, I despise your feast days, and I will not smell in your solemn assemblies. Amos 5:21.

Celebrations and holy days are no substitute for right living. Let righteousness roll down as a mighty stream.

### Let's Stay Well

## Breast Cancer And Thyroid Therapy

By F.J.L. Blasingame, M.D.

F.J.L. Blasingame, M.D.

Q: Mrs. M.T. writes that, after taking thyroid regularly for 15 years, she is now disturbed about its possible effects. She has read recently about studies showing that women who take thyroid are more likely to develop cancer of the breast. She wants to know whether this danger is sufficient to justify her discontinuing thyroid.

A: You are correct that a study published a few weeks ago in *The Journal of the American Medical Association* (JAMA) showed a possible relationship between taking thyroid and the incidence of breast cancer. This study caused a number of experienced physicians to express

doubt and to state that such a conclusion was not justified by the facts in the study and that other factors, such as a pre-existing low thyroid condition, also should be considered. Many pointed out the need for more research.

Another study by Piero Mustach, M.D., and Francis Greenspan, M.D., published more recently in JAMA, questioned whether taking thyroid had any effect in increasing the occurrence of breast cancer in women.

These authors concluded that the incidence of breast cancer was not affected beneficially or adversely by thyroid. They thought that the increase was apparently only

related to the aging of the patients. However, these doctors recommended, too, that additional observations be made by other investigators.

These findings and opinions caused the Education Committee of the American Thyroid Association to issue a statement on "Breast Cancer and Thyroid Therapy." The committee observed that hormones influence the breast and these hormones include thyroid, prolactin from the pituitary gland, and female and male steroids (estrogen and androgen). Also, iodine deficiency, present in thyroid disease, is apparently associated with an increase in breast cancer in humans.

However, evidence that thyroid given to correct iodine deficiency causes breast cancer is lacking, and the benefits of correcting underactivity of the thyroid are obvious, necessary and unquestioned.

Therefore, the Education Committee recommends that thyroid continue to be taken for the well-established treatment of thyroid deficiency and that more carefully designed research studies be done to try to determine whether taking thyroid has any effects on the incidence of breast cancer.

You should discuss your anxiety in this matter with your physician and should follow his advice.

# Slew Still Learning Claims Billy Turner

By DICK JOYCE  
AP Sports Writer  
LOUISVILLE, Ky. (AP) — Billy Turner's kid glove treatment of Kentucky Derby winner Seattle Slew may pay off in the Triple Crown and more riches for the humble trainer and the attractive young couple who own the unbeaten colt.

Next test in the carefully-planned course for Seattle Slew is the Preakness Stakes at Pimlico May 21, the second leg of the Triple Crown of thoroughbred racing, where the Bold Reasoning colt will seek his eighth straight victory and fourth in a row this year.

"He's still learning," the 37-year-old Turner said Sunday morning, the day after Seattle Slew posted a 1 1/4 length victory in the 103rd Derby at Churchill Downs. "The race showed two things. That he doesn't have to be a front-runner to win and he can overcome trouble."

It was a reference to the colt's slow, stumbling start and the tight traffic jam he got out of on the clubhouse turn in the 1 1/4 mile classic which had a gross purse of \$267,200. The winner's share was \$214,700.

Turner, fired eight years ago as a head trainer for another stable, has been criticized for racing the colt so sparingly and the lack of workouts. Seattle Slew first went to the races last year on Sept. 20, almost six months after most of his 14 Derby rivals had started competition.

"He was undertrained for the Derby," Turner said before the colt flew back to New York where Seattle Slew will be stable at Belmont Park. "It was planned that way. We felt he had enough in him to win it."

Off-maligned jockey Jean Cruguet, who admits he has restrained Seattle Slew in the past in order to save him, went to the whip several times during the stretch run when he pulled away from For The Moment who had held a slight lead over the 1-2 favorite most of the way until the final quarter-mile. The colt had been whipped once previously in his career.

Run Dusty Run, owned by the Golden Chance Farm, finished with a rush to take second, a neck in front of Darby Dan Farm's Sanhedrin, another fast-closer who was third. A foul claim against Run Dusty Run for interference was disallowed.

While trainer Smiley Adams said he is uncertain whether Run Dusty Run will go in the Preakness, Lou Roncinello

said Sanhedrin would definitely run in the 1 3/16 mile next leg. It is expected too that Run Dusty Run, who has finished second in his last four starts, will go.

Blue Grass Stakes winner For The Moment, who faded to eighth, and Papelote, a 42-1 shot who ran a surprising sixth, are the only other Derby horses expected to run in the Preakness. Papelote, who was purchased by Marvin Warner on Derby eve, got a new trainer in Chuck Tufariello on Sunday. It's likely that sensational apprentice Steve Cauthen, who didn't ride in the Derby, will have the mount on Papelote since Cauthen lives in Tufariello's house.

Other Preakness challengers are expected to include Royal Ski, Cormorant, J.O. Tobin and Important Reason.

Royal Ski, owned by Boston Bruins hockey goalie Gerry Cheevers, had an impressive 2-year-old campaign before developing a caught this winter. In his only start this year, April 16, he ran fourth in the Hirsch Jacobs Stakes.

Cormorant is back in training after missing the Derby because of a virus. He won the Iroquois Handicap, the Bay Shore and Gotham in three races this year.

J.O. Tobin skipped the Derby because of a cough but has won three of four outings this year, including the Coronado Handicap at Hollywood Park. He won stakes in England as a 2-year-old.

Important Reason posted a front-running triumph Saturday in the Woodlawn Stakes at Pimlico.

Get The Axe, who finished

## Western Leads All-Sports Trophy Race

Western Kentucky, with a first-place finish in tennis and a third-place finish in track at the OVC Championships this past weekend, has moved in front in the All-Sports Trophy race.

However, the Hilltoppers are not expected to remain there as one championship has yet to be held, that being the OVC Golf Tournament which will be in Lexington May 17 and 18.

Middle Tennessee, which trails Western by a point in the All-Sports Trophy race, is expected to win the golf tournament and thus capture the All-Sports Trophy.

Here are the current standings, with only golf left to be finished:

Western Kentucky 69 1/2, Middle Tennessee 68 1/2, Austin Peay 67, Murray State 67, Morehead 62 1/2, Eastern Kentucky 61, East Tennessee 55 1/2 and Tennessee Tech 53.

Austin Peay is expected to finish second in golf and East Tennessee is expected to finish third. Murray is expected to finish no higher than fourth.

Western is expected to finish in sixth place in the golf tourney.

First place in the tourney would be worth 16 points in the All-Sports Trophy race with 14 for second, 12 for third and on down to two for eighth.

Murray could win the All-Sports Trophy only if they finish first in golf.

But if things go as expected, Middle will win the race, Austin Peay will be second and Murray third. To avoid a fourth-place finish, Murray must finish two spots above Western in the golf tourney.

fourth in the Derby, is headed for the Jersey Derby while Steve's Friend, fifth in the Derby will be recovering from a twisted ankle and possibly may go in the third leg, the Belmont Stakes June 11.

One problem Seattle Slew's trainer will be working on in the weeks prior to the Preakness is the colt's slow breaks from the post.

The Derby winner paid \$3, \$2.80 and \$2.80 to backers in the throng of 124,036. They bet a total of \$1,541,301 on Seattle Slew. The total wagering of \$3,655,255 established a Derby record.

Other Derby placings were Giboulee, seventh-Affiliate, eighth, followed in order by Flag Officer, Bob's Dusty, Sir Sir, Nostalgia, Western Wind and Best Person.

**SINGLES CHAMPION**—Tom Lie (right) of the MSU tennis team was the only Racers champion Saturday at Bowling Green. Lie won in the finals of the number six singles.

# Gilliam Scores 24 To Lift Blazers By Lakers

By JACK STEVENSON  
AP Sports Writer

LOS ANGELES (AP) — The Portland Trail Blazers, with a different hero in the first two games, proved a team can beat a man as they return home with a 2-0 lead over the Los Angeles Lakers in the National Basketball Association semifinal playoffs.

Reserve guard Herm Gilliam pumped in 14 points in the final quarter, including the go-ahead basket with less than two minutes to go, as Portland edged the Lakers 99-97 in the second game at the Forum Sunday.

Gilliam had averaged just 4.8 points in this season's playoffs, but scored 24 in Game Two. In the opening game of the semifinals, Maurice Lucas scored 28 points, pacing a 121-109 victory. Sunday, Lucas was held to 16 points.

The teams travel to Portland for the next two games in the best-of-seven series. Game Three will be Tuesday night and Game Four Friday night.

"It was a hard, hard game to win, but a great effort," said Portland Coach Jack Ramsay. "We are going to enjoy both our wins in Los Angeles."

"We call Herm 'Little Trickster.' He is typical of the players on this team who can stay on the bench for games at a time and then come in and

do a super job."

Also doing a super job before the 15,192 at the Forum was Lionel Hollins, who scored 22 points in the first half, helping Portland to a 54-51 lead. He wound up with 31 points, seven assists and eight steals.

Hollins scored the final point of the game with 11 seconds left on a free throw.

Kareem Abdul-Jabbar, the Lakers' leading scorer with 40 points — his fifth playoff game with 40 or more — took a 64-foot jumper with five seconds left. But harassed by three Trail Blazers' defenders, his shot hit the rim, bounced high and back onto the court toward the sidelines as time ran out.

Trail Blazers center Bill Walton scored 14 points, grabbed 17 rebounds and had two assists in the battle of former UCLA centers. Abdul-Jabbar had 17 rebounds with one assist.

Coach Jerry West of the Lakers said, "Kareem simply cannot do everything for this club. It is too much of a burden for anyone to shoulder."

Cazzie Russell was the Lakers' second-leading scorer with 21 points, but he was scoreless in the fourth quarter.

Abdul-Jabbar hit 17 of 23 field goal attempts, but the rest of the team shot poorly. Portland had a balanced, quick attack and the Trail Blazers were even able to

make up for a dismal third quarter performance when they scored just 16 points and went behind by 11 toward the end of the period.

Then, trailing 77-66, Gilliam hit two field goals just before the buzzer and another shortly after the fourth period started. His spree continued as the Lakers failed to keep up with Portland's speed.

## Ends Career

SHREVEPORT, La. (AP) — The 51-year career of Grambling president and baseball coach Ralph Waldo Emerson Jones ended with the Tigers sweeping a doubleheader from Centenary.

Grambling beat Centenary 14-7, 7-1 Saturday, finishing the season with a 19-16-1 record.

Jones, who has been at the school since 1925, had announced his retirement as president and baseball coach earlier this year. His teams won more than 850 games in the years since World War II.

## BOWLING

SAN ANTONIO, Tex. — Patty Costello of Scranton, Pa., and Paul Colwell of Tucson, Ariz., won the professional mixed doubles championship at the Bowling Spectacular with a 215-203 triumph over Pam Rutherford of Oroville, Calif., and Tommy Hudson of Akron, Ohio.

# Slew Doesn't Possess Marks Of Super Star

By WILL GRIMSLEY  
AP Special Correspondent

LOUISVILLE (AP) — Monday, following the 103rd Kentucky Derby—now will the "Knock Down Seattle Slew Club" please come to order?

Let's hear first from the chairman, the one-time great stakes rider and now leading TV commentator, Eddie Arcaro:

"I'm still not convinced he is a super horse. He is only the best of an ordinary lot."

Now a word from some of the beaten contenders:

"Everyone has said how easy Seattle Slew could run but that boy, Run Dusty Run, tore him up," said trainer Smiley Adams, whose Run Dusty Run finished a fast-closing second.

"Impressive but not awesome," said Lou Roncinello, trainer of third-placed Sanhedrin. "He can be beaten."

And so go the chants from the disheartened losers, the hard-core skeptics, the racing establishment and hero worshippers disinclined to see the sacred legends of such immortals as Man o' War, Citation and Secretariat threatened—threatened especially by a \$17,500 bargain owned by a Northwest logger, conditioned by a little known trainer and ridden by a French jockey who can barely speak English.

Seattle Slew simply doesn't fit all the earmarks of equine super stardom. Even his name lacks an historic ring—a combination of the major city nearest Mickey Taylor's logging business in the Washington's remote Yakima Indian Reservation, and the Florida swamp land familiar to the veterinarian who discovered him, Dr. Jim Hill.

Although one of only six unbeaten favorites to race in the Derby and the second to win, Seattle Slew is finding it difficult to earn complete acceptance.

He lacks the physical appearance of a majestic thoroughbred, without the sleek, flowing lines of Secretariat, the 1973 wonder horse with whom he is inevitably compared. Barely 16 hands high, with thick chest and shoulders and a broad beam, he has the stocky chassis which connotes raw power instead of wind-like speed.

Now the severest critics give him a chance to add the 11-16 mile Preakness May 21, a race 3-16ths shorter than the Derby, but they are throwing up smoke signals questioning his ability to persevere over the gruelling 1 1/2 mile Belmont

Stakes three weeks later.

Look how he was losing ground to his stretch-running rivals in the Flamingo, Wood and even the Derby, they warn. He has an inclination to fade in the final stages of a longer race. So how can he win a race like the Belmont?

Arcaro was particularly critical of Cruguet for his ride in the Flamingo in which Seattle Slew raced to a 15-length lead only to win by four.

"Cruguet should have rated his horse in the Flamingo," said Arcaro. "It isn't smart to let a horse relax at the finish."

"My horse is a free-running horse, I let him run," Cruguet snapped back. "I do not force my horse when I can save him."

The Frenchman left the impression that if he had been aboard Secretariat he would never have won the Belmont by 31 lengths. "Why drive a horse when it is not necessary?" he said.

The "Knock Down Seattle Slew Club" was quick to seize on this facet and the relatively slow time, 2:02:15, compared with Secretariat's 1:59:25.

Time is immaterial. Strategy and track conditions determine it. The fact that pursuers were gaining is equally futile reasoning. Closeness counts only in horseshoes. The important thing is winning.

Seattle Slew is a winning horse. He has never looked at another rump crossing the finish line.

Maybe he isn't one of the greatest. Maybe he is. Today he is racing's champion. He answered every challenge in the Derby. He got a bumbling start, he almost got boxed in, he saw another horse lead him for a half a mile and then ran that horse, For The Moment, into the ground. He won winging. What else can you ask?

The best of a mediocre crop? Seattle Slew was one of 27,000 thoroughbreds foaled in 1974. All at first were pointed for the Derby. Fifteen came through. Seattle Slew survived.

Maybe it only looks like a mediocre crop because Seattle Slew is so good.

## Calloway Girls Win At Carlisle County Meet

Felicia Pinner took first place honors in three events Saturday as the Calloway County girls' track team won the team championship in the Carlisle County Invitational Track Meet.

Calloway County won the event with 81½ points. Other scores were Marshall County 51½, Ballard Memorial 38½, Carlisle County 32½, St. Mary 14 and Hickman County 14.

Pinner got her three wins in the track events. She took the 100-yard dash in 11.1, the 220-

yard dash in 26.1 and the 440-yard dash in 63.6.

Other first places came from Melissa Miller with a 2:42.3 in the 880-yard run and in the mile-run, Renee Overbey won with a 6:22. Marilyn McKenzie was first in the discus with a new personal best mark of 88-6.

The Laker girls won three relay races.

The 880-yard relay team composed of Rose Ross, Melissa Miller, Vickie Carraway and Ellen Mahan

finished first in 1:56.8. The 880-medley relay team of Mahan, Kim Kemp, Mina Todd and Pinner was first in 2:00. The mile-relay team composed of Penny Overbey, Lisa McBride, Terri Morris and Renee Overbey won with a 5:02.8.

The Laker girls claimed two second-place finishes. Vickie Carraway was second in the 880-yard run with a 2:44.9 while in the 440-yard dash, Ellen Mahan tied for second with a 66.3 clocking.

Taking third places were Kim Kemp with a 77-3 in the discus, Penny Overbey with a 7:02 in the mile-run and Rose Ross with a personal best of 27.9 in the 220-yard dash.

Calloway had three fourth-place finishes in the meet. Vickie Carraway was fourth with a 4-8 in the high jump. Rose Ross was fourth with a 16.8 in the 110-yard low hurdles and the 440-yard relay team composed of Susie Innes, Melissa Miller, Debbie Higgins and Kim Kemp was fourth in 59.6.

Calloway had four fifth places and another tie for fifth.

Melissa Miller was fifth in the 110-yard hurdles with a 17.6. Linda McCuiston was fifth with a 10.1 in the 60-yard hurdles. Stephanie Wyatt had a 29-9 and was fifth in the shot put and Mina Todd cleared 4-6 and took fifth in the high jump.

Todd and teammate Susan Snyder both jumped 14-0 and tied for fifth in the long jump.

The Laker girls will be at Murray High Tuesday for a triangular with the host Tigers and Marshall County. Also, the boys' teams from the same three schools will run.

On Thursday, the Laker boys and girls are at Trigg County for a dual meet before participating in the Regional Track Meet at Tilghman Saturday.

## Ray Floyd Wins Nelson Championship

DALLAS (AP) — Ray Floyd showed why he will soon become professional golf's next millionaire. He wouldn't let himself surrender at the Byron Nelson Golf Classic Sunday when it appeared young Ben Crenshaw had bagged the \$40,000 first prize with a spectacular eagle.

"I heard the crowd reaction when Ben made eagle at No. 15, but I just gave myself a subconscious kick in the rear," the 35-year-old Floyd said. "I could have quit but I didn't allow myself to quit. Then I made one hell of an eagle."

Floyd made up five strokes in the final four holes with a cross-country 40-foot putt for an eagle on No. 15 and an eight-foot birdie putt on 17 for a final-round two-under-par 69 over the Preston Trail Golf Club.

Crenshaw, 25, folded on the final two holes, finishing bogeybogey for par 71 with such miserable shot-making that he commented: "I could hit better irons and tee shots when I was 15."

Tennis Sixth, Track Seventh In OVC's

# Tom Lie Takes Singles Title At Six For Racers

By MIKE BRANDON, Ledger & Times Sports Editor  
Thanks Oslo, Norway.

That's where Murray State had to look in order to find its only winner in the Ohio Valley Conference Track and Tennis Championships held Saturday at Bowling Green.

Three years ago, Murray State offered a tennis scholarship to Norwegian Tom Lie. Saturday, that scholarship paid off as Lie was the only winner Murray had in a dismal weekend for Racer spring sports.

Lie won 6-4 and 6-2 in the championship match at number six over Mike Jones of East Tennessee. He had won two rounds Friday to advance into the finals.

After Lie's performance, it was a day of frustration.

Overall, the Racer tennis team finished in sixth place,

out of eight teams in the conference.

The Murray State track team, having its worst performance since 1957 when the Racers finished last, came in a dismal seventh place.

Middle Tennessee claimed the track championship with 113 points while Morehead was second with 97½ and Western Kentucky third with 92.

Other team scores were Austin Peay 82, Tennessee Tech 47½, Eastern Kentucky 43, Murray State 27 and East Tennessee 25.

In the tennis, to the surprise of nobody, Western Kentucky claimed the honors with 30 points. Other scores were Middle 24, Eastern 17, East Tennessee 16, Austin Peay 14, Murray 13, Tech 12 and Morehead 9.

Gary Boss of Austin Peay won the number one singles

title, Stig Ljunggren of Western won at two, Bulent Altinkaya of Western was the champion at three, Pablo Camus of Austin Peay won at four, Tony Fernandez of Middle won at five and Lie of Murray State won at six.

In the doubles, Eastern Kentucky took the title at one, Middle at two and Morehead at three.

Murray had an outstanding draw for the tennis tournament and Coach Bennie Purcell had counted on winning five of the first six singles matches, which would have been good for 10 points.

But things didn't quite work out the way Purcell had planned. Murray won only three of their six opening round singles matches and took two of the opening doubles matches.

A win in the opening round and a win in the semifinals was worth two points while a win in a championship match, either singles or doubles, was worth three points.

That left Murray with 10 points after the first round of the doubles had been played and the first two rounds of the singles.

Of course Lie collected three points for his championship

### Makes Walk

SAN FRANCISCO (AP) — Karl Wallenda, 72-year-old circus performer, made it across Candlestick Park on a tightrope between games of Sunday's New York Mets-San Francisco Giants doubleheader.

There was almost no wind at Candlestick, which normally is gusty, as Wallenda made his 20-minute walk over the field. The tightrope went from the upper deck in left field to the upper deck in right.

### Signs Contract

OLEAN, N.Y. (AP) — Jim Satalin, who guided St. Bonaventure University to the National Invitational Tournament basketball championship six weeks ago, has signed a two-year contract to continue coaching the Bonnies.

Satalin, 30, signed Saturday. Terms were not disclosed. The 1969 St. Bonaventure graduate, the school's coach for four seasons, had sought a long term contract.

The surprising Bonnies, winners of the only major tournament in St. Bonaventure's basketball history, compiled a 24-6 record, second-best in the school's annals.

win at six and that was that. The other first round winners for Murray were beaten in the semifinals.

If Murray would have won the matches Coach Purcell had hoped, his team would have finished in a tie for third along with Eastern Kentucky.

**Track**  
Murray's best hopes in the track meet failed to come through.

Martyn Brewer came down with the stomach flu and failed to challenge in the 1500 meters where he finished fourth in 3:45.7.

Favored Ray Flynn of East Tennessee won the event in 3:44.42 while Gary Perry of Middle was second in 3:44.93 and Tony Staynings of Western third in 3:45.6.

In the 800-meter run, freshman Dave Warren of Murray State was upset by Austin Peay's Bernard Lykes, who ran a career best of 1:49.15 to finish first while Warren ran 1:50.14 and was second.

After those two second places, which earned a total of 16 points as the scoring was on a 10-8-6-4-2-1 basis, the pickings got slim for Murray.

The Racers had three fourth places, including Brewer in the 5000. Also finishing fourth were Mitch Johnson in the 800 meters with a time of 1:52.5 and Brian Rutter in the 5000 meters with a time of 14:54.2.

Rutter challenged for the first half of the race before it became a three-way affair between Tony Staynings of Western, Louis Kenny of East Tennessee and Jon Slaughter of Western.

Coming off the next-to-the-last curve, Staynings exploded and looked more as if he were running the 440-yard dash. He sprinted toward home and finished in 14:02.5, four seconds better than Kenny who was second.

The other fourth place for Murray came in the high jump where Bill Bradford cleared 6-9. Western's Chuck Durant won the event in 7-1 and broke by a half inch the old record held by Murray's Flip Martin.

The rest of the scoring for Murray came on three sixth-place finishes, which made the difference between finishing seventh and last in the meet. The mile-relay team

finished sixth in a rather poor performance. Stan Simmons got a surprise sixth-place finish in the discus and freshman Richard Charleston got a surprise sixth-place finish in the 1500 meters with a new personal best time of 3:46.5, almost four seconds better than his previous personal best.

Besides Durant's new mark in the high jump, the only other OVC record to fall during the competition came in the pole vault where Glen Volivas of Austin Peay and Mark Richards of Morehead both cleared 16-0.

Volivas got first place on fewer misses. The old record of 15-7¼ was set in 1974 by Frank Treiber of Tennessee Tech.

Middle Tennessee collected 50 of their points on first-place finishes. Harrison Salami won the discus competition, Russell Holloway won the 400-meter intermediate hurdles, Sheekh Faye won the long jump, John Do Doo won the triple jump, and the Blue Raider mile-relay team tied an OVC record with a 3:10.5 and ran away from everyone.

Three of the Murray State track team members will compete in the United States Track and Field Federation Meet and Martyn Brewer will be running the 1500 meters at the NCAA meet. Other than that, the track season is finished for Murray State.

Also, tennis is now concluded. The golf championships will be held May 17 and 18 at Lexington.

Murray now has no chance of winning the All-Sports Trophy.

### MISS YOUR PAPER?

## Shue Upset Because Collins May Have Bragged Too Much

By RALPH BERNSTEIN  
AP Sports Writer

PHILADELPHIA (AP) — Philadelphia 76ers Coach Gene Shue almost choked on a soft drink when he heard that Doug Collins was still shooting in the dressing room — with his mouth, not the ball.

"Right now our thoughts are on a sweep," said Collins, who shoots quick and talks in machine-gun style.

"We're trying to do it in four," he added.

Shue gulped at what coaches consider heresy — feeding the opposition propaganda. He could just see the Houston Rockets reacting to Collins' remark.

"Sweep?" asked Shue. "I'm worried only about the third game. You all know the respect I have for Houston. When they get hot, I haven't seen any team like them."

Three times Sunday the Rockets crawled back from deficits to look the Sixers in the eye. And three times Philadelphia left them run-

ning on a treadmill. Philadelphia won 106-97 and took a 2-0 lead in their best-of-seven National Basketball Association semifinal series.

Collins, who scored 20 points, labeled the 76ers a team of spurts, both good and bad. On the good side they scored 14 straight points in the first period and went on to build a 57-45 halftime lead. When the Rockets tied it 73-73 in the third, the Sixers ran off seven in a row for some breathing room. And when the Rockets battled back to within three, Shue's troops outscored them 14-6 early in the fourth quarter to wrap it up.

"But then there are the bad spurts," Collins lamented. "We go through streaks where we just don't do the things we're supposed to do. That's what happened in the third quarter."

The Rockets trailed by 12 starting the third, and with Rudy Tomjanovich scoring 14 and Calvin Murphy — the game's high scorer with 32 points, 12 in the period —

scrapped back to tie at 71-71. They trailed by dust thee at the third-quarter mark, 83-80. But the Sixers spurred again and it was all over.

Houston Coach Tom Nissalke couldn't find anything to be happy about, even the thought of going home for the next two games.

"I can't see much difference at home," said Nissalke, whose team has lost five of six to Philadelphia this season, including one in Houston.

"I guess if we had either George McGinnis or Dr. J (Julius Erving), there would be no question of who would win," Nissalke said.

"You know, Philadelphia hasn't seen the true Dr. J," Nissalke said. "He's playing at 75 per cent of his capability. I know. I watched him four years in the ABA."

McGinnis scored 21 points, 18 in the first half. Erving collected 18, including 10 in the final period, and handed out 10 assists. Lloyd Free contributed 16 and Darryl Dawkins 13.

## Braves' Losing Skid Now At 14, Cards Win

By HERSCHEL NISSENSEN  
AP Sports Writer

You think things can't get any worse for the Atlanta Braves? Check the schedule.

Saddled with a 14-game losing streak — second longest in the National League since 1963 — following Sunday's 6-3 loss to the Chicago Cubs, the injury riddled Braves invade Pittsburgh tonight for a four-game series with the Pirates. The Pirates are merely the hottest team in baseball — hotter than the Los Angeles Dodgers — with eight victories in a row and 13 in their last 14 outings.

"One pitcher giving us a good game and we can snap it," says Braves Manager Dave Bristol, who suffered through a 13-game skid right around this time a year ago.

Unfortunately, Bristol's pitching rotation in Pittsburgh starts off with Chopper Collins, making his first major league start, then lists Buzz Capra, Phil Niekro and Max Leon. The four have a combined record of 0-9.

"What am I supposed to do, shock them?" said Bristol.

"Gimmicks and tricks are not the answer to it. We are going up against teams who are using their best players. We'd like to use our best, but unfortunately we can't. We have too many injuries. The guys who are playing are giving their best, so what more can you ask?"

The Braves hung in there for two innings Sunday behind Leon, who was making his first start since 1975, before Bobby Murcer's two-run triple keyed a four-run Chicago third inning. It marks the longest losing streak for the Braves since they moved from Milwaukee to Atlanta in 1966.

**Pirates 6, Reds 4**  
Dave Parker, leading the majors with a .421 batting average, rapped a tie-breaking two-run double in the seventh inning to cap a three-run rally. Trailing 4-3, the Pirates tied the game against Fred Norman on Rennie Stennett's single. Norman's wild throw on Phil Garner's bunt, a walk to Frank Taveras and pinch hitter Fernando Gonzalez' infield hit.

**Cardinals 2, Astros 1**  
RBI singles by Bake McBride and Keith Hernandez gave St. Louis two runs in the third inning and that was enough behind the pitching of John D'Aquisto, winner Buddy Schultz and Clay Carroll. The run-scoring hits followed Jerry Mumphrey's lead-off triple and propelled the Cards from behind after Houston scored in the opening inning on doubles by Enos Cabell and Willie Crawford.

**Giants 10, Mets 2-0**  
John Curtis, making his first start of the season, pitched two-hit baseball in a rain-shortened second game. Curtis also contributed three hits to a 12-hit attack against Jon Matlack.

In the opener, San Francisco backed Jim Barr with 12

hits, including three by Willie McCovey and run-scoring hits by Marc Hill and Terry Whitfield in a tie-breaking fourth inning.

## Though Down 1-0 In Series, Bruins Keep Sense Of Humor

MONTREAL (AP) — Boston Bruins Coach Don Cherry has made it clear he isn't going to try to match forward lines with the Montreal Canadiens during this Stanley Cup final playoff series. But it would be difficult for any of the Canadiens to match Cherry in a battle of one-liners.

Cherry, the consensus choice as the National Hockey League's funniest coach, was at his sharpest Sunday prior to the Bruins' workout.

He was told that Canadiens Coach Scotty Bowman had been upset that his team made 25 turnovers in its defensive zone Saturday night during Montreal's 3-3 triumph in the best-of-seven series opener.

"Twenty-five turnovers," said Cherry. "I thought turnovers were a pastry."

From a seat in the empty Montreal forum, Cherry looked on to the ice surface as virtually his entire team prepared for practice. "That's the first time this year that I've given them an optional practice and they've all shown up. Yep, that's a special treat; gosh, even goalie Gerry Cheevers came, and the horses are running at Blue Bonnets (a Montreal harness racing track) today, too."

Cheevers, a thoroughbred enthusiast and owner of a horse named Royal Ski, offered this unusual view of his performance Saturday night: "If I had been a horse running in the Kentucky Derby, they would have carried me off the track in a truck."

It was that kind of day for the Bruins, whose spirits were high despite the disappointing defeat in the series opener. After a surprisingly tough workout, Cherry gathered his troops in a corner of the rink.

"Okay guys, we've had a good skate. Anybody got any complaints or injuries?" No sooner were the words were out of his mouth than reserve goalie Gilles Gilbert crumpled to the ice in mock agony. He lay there writhing — his mask covered the smile — until one of his teammates decided to sit on him.

Earlier, Cherry said he had

seen signs that the team wasn't ready by its breezy attitude during the week it waited for Montreal to eliminate the New York Islanders.

"In practice, I can tell if they're ready," he said, "and they were fooling around all the time. I knew we'd pay for it."

They paid for it by giving up seven goals in the inaugural contest. "All the players know we can play better," said Cherry. "We shut out Steve Shutt and Guy Lafleur (Montreal's two top goal scorers), kept them without a shot, in fact. So what happens? We do that and the other guys kill us."

He referred to the five goals and three assists by the Canadiens' line of center Doug Risebrough, left wing Yvon Lambert and right wing Mario Tremblay.

BACK TO YOU — Tom Lie of the Racers returns a shot back to Mike Johnson of East Tennessee in the finals of the number six doubles. Lie won in straight sets to produce the only winner Murray had in either track or tennis Saturday at Bowling Green.

## Equine Race Testing Laboratory Is At UK

In the minds of a vast majority of Kentuckians, thoughts of horses — particularly thoroughbreds and standardbreds — brings a visualizing of race tracks. The colorful "silks," the garb of the jockeys and drivers; the grandstand filled with humanity, the betting windows, the bugle call, the starting gate of the running races and the mobile starting mechanism of the harness races — and then the finish, all results in a unique excitement that is difficult to explain — or describe.

What many do not know — or realize — is the "behind the scenes" activity conducted to control illegal administration of drugs to horses entered in the various races.

The Equine Race Testing Laboratory, a part of the UK's Veterinary Science Department, is the base for all drug testing for race tracks in Kentucky, according to J. W. Blake, head of the drug testing

program. The program is but another of the special services provided by the College of Agriculture.

The program began in the autumn of 1975 when the Kentucky Harness Racing Commission and the Kentucky State Racing Commission decided to set up the drug-testing facility on the UK campus. Actual testing began in September, 1975.

The laboratory uses both urine and blood samples in its testing for illegal drugs. Blake stated urine is usually the best source to use in the testing procedures, however, blood is best to use in finding the effect a drug is having on the horse. New York and Kentucky are the only states that test both posttrace blood and urine samples. Other states have testing programs but do not collect posttrace blood samples.

The samples are received within 12 to 24 hours after collection from the horse.

They are tested within an eight-hour period and the findings reported to the commissions on a daily basis.

Each sample is coded with a number which corresponds with data at the track that designated the horse. Blake and his assistants do not know the horse's name or its owner — the coded number being the only designation in the lab.

When the samples are taken at the track, a special forensic tape is placed over each urine and blood sample and placed in a box that is locked. These precautions ensure the samples are not changed or tampered with.

The findings of the samples are separated into four categories — those that show the positive use of prohibited drugs, the positive use of permitted drugs, the suspicious use of permitted drugs and finally, the suspicious use of prohibited drugs. The latter category differs for thoroughbreds and standardbreds because of differences in permitted drugs. Drugs permitted for use in thoroughbreds are phenylbutazone, furosemide and corticosteroids. The only permitted drugs for standardbreds are furosemide and salicylates.

Prohibited drugs for both breeds include stimulants, depressants, tranquilizers, local anesthetics and natural and synthetic narcotics.

In 1976 there 8,881 combined blood and urine samples taken, according to Blake. Of the total, 31 revealed positive use of prohibited drugs and 4,215 revealed positive use of permitted drugs. There were 829 classified under the suspected use of permitted drugs category and 260 in the category of suspected use of prohibited drugs.

Race tracks using the UK facility are the Red Mile, Keeneland, Latonia, Churchill Downs, Louisville Downs, Midwest and Ellis Park.

The tests are made by Blake and his three assistants in the lab — Bob Uhl, Alice Crump and Bernadette Salone.

## USDA Proposes Changes In Swine Transportation Rules

ATLANTA, Ga. — The U.S. Department of Agriculture (USDA) has proposed a change in interstate swine shipping rules. This change would allow swine that had been fed raw garbage to be slaughtered without special processing.

Present regulations require that swine that are fed raw garbage and shipped interstate be sent to slaughter and cooked (specially processed). Because of this requirement, many packing plants will not accept these animals. Officials of USDA's Animal and Plant Health Inspection Service (APHIS) said the requirement originally was instituted to help prevent the spread of hog cholera from animals fed raw garbage.

The proposed change would allow hogs fed raw garbage to move directly to slaughter without special processing when the following conditions are met:

- The swine to be moved must not have been fed raw garbage for at least 45 days before the date of shipment;
- All hogs on the farm must

be tested and examined to make sure they are free of hog cholera and other communicable diseases;

—All swine on the farm must be inspected within 24 hours before moving the slaughter animals;

—The animals sent to slaughter must be individually identified with ear tags or a red color mark or moved in USDA sealed vehicles, and must be accompanied by an

inspection certificate issued by a state or federal animal health official or by an accredited veterinarian.

Written comments on the proposed amendment should be sent to the Deputy Administrator, Veterinary Service, APHIS, USDA, Room 714, Hyattsville, Md., 20782. The 60-day period for comments will expire June 24, 1977.

## Potential Profit Booster For Beef Cattle Producers

Implanting suckling calves with growth stimulants is one management practice that Kentucky cattlemen can put to work this spring in their effort to increase beef cow herd profits.

Research across the country has shown that implanting calves increases weaning weights. This usually means more income at sale time and more profit at the end of the year. Yet, many Kentucky calf producers are not taking

advantage of the potentially profitable idea, says John T. Johns, UK extension beef cattle specialist.

Results that may be expected from implanting were demonstrated on 776 suckling calves last summer by the UK Agricultural Extension Service. At weaning time implanted steer calves weighed 27 pounds more and implanted heifer calves 28 pounds more than those handled the same way except

not getting the implants. This is an average increase of 12 per cent in gain for steers and 14 per cent for heifers. Starting weights were similar for all calves.

The gain boost may vary from herd to herd, but Johns points out that on the average growth stimulating implants produce a return far greater than their cost. Ralgro and diethylstilbestrol (DES) are two products available for use as implants for suckling calves. Producers are advised to follow directions carefully. Information on methods of implanting, dosage rates and withdrawal times are available from the offices of county extension agents.

Serve crisp radishes and cottage cheese for texture contrast.

## Cutworms, Army Worms Invading Tobacco Beds

Cutworms and yellow striped army worms are beginning to pose problems in tobacco beds over Kentucky, according to reports from growers.

The recommended control for cutworms is the use of either Dylox bait or Sevin bait, according to Rudy Scheibner, UK extension entomologist. He said the materials will also control yellow striped army worms.

"The yellow striped army worms usually effect only a small section of the tobacco bed," the entomologist said, "so only the infested portion may need to be treated."

He recommended a rate of application of 10 pounds of Dylox 5 per cent bait per bed, or one half pound to one pound

## Tobacco Advisory Committee To Meet

ATLANTA, Ga. — The Flue-Cured Tobacco Advisory Committee will meet Thursday, May 12, in Raleigh, N.C., the U.S. Department of Agriculture has announced.

Purpose of the meeting is to provide the Secretary of Agriculture with information needed to equitably assign tobacco inspectors to all designated markets for flue-cured tobacco. Under the Tobacco Inspection Act, tobacco must be officially inspected in order to be sold at auction on any designated market.

The meeting is open to the public and will be held at 1 p.m. in the Tobacco Division laboratory, Room 223, Flue-Cured Tobacco Cooperative Stabilization Corporation Building, 1306 Annapolis Drive, Raleigh.

Notice of the meeting was published in the April 22 Federal Register.

## Beef Cattle Producers Need To Keep Fall Weights In Mind

Profit or loss is often determined for the beef producer during late spring and summer months, says Curtis Absher, UK extension beef cattle specialist.

"May and June are the months when most cattlemen feel the pressure is off because the natural spring flush of pasture production takes care of most nutrient needs of beef cattle," Absher notes. "But attention to hay and pasture fields now — and developing methods of utilization of pastures can result in improved production and efficiency at more critical feeding times."

Absher said grazing management of early pastures should include concentration of cattle in relatively small boundaries, coupled with rotation in the grazing. His advice is for rotation, or movement of cattle from pasture to pasture, to be done before the currently grazed pasture is "eaten into the ground" and before the next pasture to be grazed has gotten too mature for top performance.

"Grazing pressure should be sufficient to utilize cool-season grasses and to give legumes a competitive advantage," he said. "Feed quality of grass is drastically reduced as seed heads form — so rotation and grazing pressure should attempt to control seed head formation on cool-season grass pastures."

He noted that rotational grazing will not greatly increase weight gains during early summer, but emphasized there are several important reasons for the practice. One is to improve pasture quality and quantity during July and August. Another is to set aside pasture area for hay production for later use. If stocking rate is

heavy, rotational grazing improves the gain in weight.

Absher warned that "stockpiling" early summer growth for use during the summer dry periods "won't work." He said the best strategy for "making it through summer" is proper fertilization and utilization of the pastures during the rapid growth period — adding any surplus should be harvested and stored for winter feed, or used during the summer if severe drought should develop. "Mature grasses can actually be insufficient to even maintain body weight, let alone produce meat and milk," the beef specialist said. "Furthermore, mature leaves shade the young plants and retard production. The best way to save feed for later summer is to utilize the pasture now."

He emphasized that attention to hay making at this point in the year could mean the difference of "making it or not" if the producer attempts to background cattle on hay next winter. Research data indicates protein, digestibility and palatability all decrease drastically as orchard grass advances past the boot stage, he said. "In fact 2 1/2 times as much hay was required to produce a pound of gain if the hay was not harvested until three weeks later when the grass was in the early seed stage," he said the research revealed. Feed costs per pound of gain was termed as more than double on late cut hay, pointing up the cattlemen's feed potential with early cut hay.

Absher said creep grazing is a concept that has been put into practice by cattlemen who want to make sure calves always have access to the "best" of the pasture, noting the quality of forage available to a calf 90 to 120 days old

greatly influences its weaning weight. "This gives calves the highest protein, highest energy pasture that will produce rapid weight gains," he added.

Absher noted, too, that the commercial producer can also improve weaning weights and efficiency by implanting calves with diethylstilbestrol or zeranol. Result demonstrations on farms through Kentucky have shown a weaning weight advantage of 25 to 30 pounds for calves implanted as compared to non-implanted calves.

Worming has been found to bring similar increases in herds with an apparent parasite problem, Absher

stated.

The beef specialist said fly control is also a critical part of May management of the beef cattle production. "It's not too late to start control of flies now, although it should have been done earlier," Absher said, "but any laxness in control could result in a rapid build up of flies as the pinky season approaches." He referred cattlemen to fact sheet Ent. 11 for complete information on fly control.

He emphasized that attention to all the details in production at this time of year can result in improved productivity in late summer and fall and on into next winter at "pay-off" time.

## Temperatures Have Influenced Plants Differently

Some of the flowering dogwoods, even though within the same neighborhood or area, have produced only sporadic color this spring.

The question as to "Why?" is explained by Robert McNeil, UK extension horticulturist, as possibly being due to genetic or plant location differences.

"The plants with reduced color had their outer bracts killed by the winter cold and the inner bracts slightly damaged," McNeil said. The bract is a modified leaf that grows at the base of a blossom, such as is normally produced by the dogwood, it was explained. As a result a dogwood that was in an unprotected area was more likely to have a reduced color output.

"Plants showing good color were usually found in protected areas — or they may be one of the cultivars which have been selected for increased hardiness," McNeil stated.

But while the extreme winter weather did do severe damage to some plants, it enhanced the flowering and development of others.

He described the flowering dogwood and the southern magnolia as plants which have marginal cold hardiness in Kentucky and thus can be injured by severe weather, such as experienced this past winter. He noted while the flowering dogwood had bracts damaged by the cold, the southern magnolia suffered leaf damage.

"The southern magnolias are starting to leaf out and the next few weeks will tell the extent of the winter damage," the horticulturist said. He advised that any green leaves still remaining on a magnolia not be removed. "It is recommended that even slightly damaged green leaves should be left on the plant so that it is not placed under any great stress," McNeil said.

Noting the winter damage in the case of the dogwood and magnolia, McNeil said, "it may sound as if the cold weather can only be a problem. That is probably true if the plant is not hardy enough for the particular area in which it is located. However, cold temperatures are beneficial to many of the plants that are adapted to the colder areas."

He said many such plants require a certain amount of cold temperatures for maximum floral bud development. "If one of these plants is influenced by only a limited quantity of cold, then only a few flowers may open and set seed," he observed, noting if such plants are exposed to cold weather for a longer period of time, more flower buds are promoted, giving a greater abundance of flower buds and probably a heavier seed set.

Another possible reason for heavy flowering and fruiting could be a reaction from the weather of the previous year. He said frosts during April and May in 1976 killed many flowers and thus reduced the

amount of fruit for that year — such as was the case with apples. The horticulturist pointed out the reduced fruit set encourages heavier flowering the following year.

"Since this past winter was cold for such a long period of time, many of the landscape plants that are adapted to northern areas are flowering in what appears to be record quantities," McNeil observed. "The spring flowering maples, crabapples and wildflowers are examples of this." He noted the maples have developed large quantities of seed this spring — and so far the crabapples "have presented a very splendid floral display," as have the wildflowers.

In summary, McNeil said cold temperatures are thus of great benefit to some plant varieties, but in doses such as occurred this past winter can be very damaging to others. The extreme cold for such a long period probably caused

damage to even the hardiest of plants in many instances because the normal winters are not of prolonged severity. "But Mother Nature has a way of being kind to her plants, even under extremes — and a lot of the plants that were affected probably have only suffered a temporary setback," he concluded.

A Consumer Tip from Extension Specialists at the UK College of Agriculture

When you figure the cost of milk per cup and consider the value of the nutrients it contains, it is impossible to beat milk as a beverage. No other food contains the same amount of calcium per cup that milk contains.

Potatoes are plentiful right now. In fact, stocks are 8 percent more than they were a year ago. For a change, fix scalloped potatoes with a melted cheese topping, or top a split-open baked potato with parmesan cheese — a good alternative to high-cost and high-calorie sour cream and butter.

## 1. Legal Notice

### Public Notice

There will be a Public Hearing held on an amendment to Ordinance Number 491, the City's zoning ordinance. The Hearing will be on a proposed new zoning classification. This zone will be referred to as B-4 and is being created to provide a classification for limited retail business and service. The standards of development in the B-4 zone are intended to protect adjacent residential zones, promote orderly development, and avoid traffic congestion within the surrounding neighborhoods. All interested parties are invited to attend the meeting to be held at City Hall, May 17, 1977, at 7:00 p.m. For further information you may contact Steve Zea, Murray City Planner, at 753-1225.

# CLASSIFIED

## 1. Legal Notice

### Public Notice

There will be a Public Hearing held on an amendment to Ordinance Number 491, the City's zoning ordinance. The Hearing will be on a proposed new zoning classification. This zone will be referred to as B-4 and is being created to provide a classification for limited retail business and service. The standards of development in the B-4 zone are intended to protect adjacent residential zones, promote orderly development, and avoid traffic congestion within the surrounding neighborhoods. All interested parties are invited to attend the meeting to be held at City Hall, May 17, 1977, at 7:00 p.m. For further information you may contact Steve Zea, Murray City Planner, at 753-1225.

HI, MY NAME IS CHARLIE BROWN

HI, MOLLY VOLLEY!

THIS IS SNOOPY...HE'S GOING TO BE YOUR PARTNER IN THE TOURNAMENT

I'VE HEARD OF MIXED DOUBLES, BUT THIS IS RIDICULOUS!

MY CACTUS ISN'T GROWING

FEED IT SOME PLANT FOOD

THIS STUFF IS SUPPOSED TO BE VERY GOOD

A WEEK LATER

IT DIDN'T GROW BUT THE STICKERS GOT LONGER

BEETLE DOESN'T DO MUCH

BUT WHEN HE DOES DO SOMETHING...

...HE DOESN'T DO MUCH

"IN ANCIENT TIMES HUMAN SACRIFICE IN THE EASTERN DARK..."

"LATER REPLACED BY THE SLAVE TRADE..."

THESE EVILS EXIST HERE TODAY, O GUARDIAN OF THE EASTERN DARK...

SACRIFICE... SLAVERY... DO YOU MEAN?

YOU WILL LEARN.

SARAH CALLED ME FROM THE HOSPITAL

SHE AND WALDO JUST HAD THEIR NINTH BABY

HAVE THEY NAMED IT YET?

YES

SHE SAID THEY'RE CALLING IT QUILTS

A CONSTITUENT TO SEE YOU, SENATOR

GIT MAH SQUIRREL HAT AN' MAH SQUIRREL RIFLE

NOW SHOW HIM IN

IT'S LIKE A BREATH O' CLEAN MOUNTAIN AIR TO SEE YOU

## Funerals

### Dewey W. Free Is Dead At Age 76; Rites Tomorrow

Dewey W. Free, age 76, died Saturday at eight p. m. at his home on Benton Route Four, Olive Community. He was a watch repairman of this area.

The deceased was a member of a Baptist Church. Born May 11, 1900, he was the son of the late James Elwood Free and Ida Mae Edwards Free.

Mr. Free is survived by his wife, Mrs. Anna Mae DeBoe Free, Benton Route Four, five daughters, Mrs. Martha Belcher, Murray Route One, Mrs. Lillian Lawrence, Kirksey Route One, Mrs. Geraldine Anderson, Benton Route Eight, Mrs. Josephine Patton, Garden City, Mich., and Mrs. Rebecca Shaw, Prairie View, Kansas; seven sons, Udel, Madisonville, James Thomas, Louisville, Arthur, Belair, Mich., Joe, Benton Route Six, Euel Ray, Pierce, Mich., Donald Gene, Wyandotte, Mich., and Scotty Eugene, Dexter Route One.

Also surviving are two step daughters, Mrs. Phyllis Henson, Hardin, and Mrs. Tammy Henson, Benton Route Four; two sisters, Mrs. Lola Rule, Benton, and Mrs. Lucille Short, Reidland; two brothers, Howard, Paducah, and Alton, Cleveland, Ohio; forty-five grandchildren, twenty-one great grandchildren.

Funeral services will be held Tuesday at one p. m. at the chapel of the Collier Funeral Home, Benton, with the Rev. Jeffrey Cox officiating. Grandsons will serve as pallbearers and burial will be in the Mt. Carmel Cemetery in Calloway County.

Friends may call at the funeral home.

### Rex Diuguid Dies Sunday With Rites To Be On Tuesday

Rex Stone Diuguid of 104 South Tenth Street, Murray, died Sunday at 6:40 p. m. at the Murray-Calloway County Hospital. He was 68 years of age.

The Murray man was a bus driver for Western Kentucky Stages from 1941 until his retirement three years ago. He was a member of the First United Methodist Church, Born November 28, 1908, in Calloway County, he was the son of the late Guthrie Diuguid and Carrie Stone Diuguid.

Survivors are his wife, Mrs. Ocie Coleman Diuguid, to whom he was married on May 1, 1931; one daughter, Mrs. E. C. (Wanda) Burchett, and three grandsons, Wallace, Edward, and James Burchett, Clarksville, Tn.; one sister, Mrs. Zelma (Ethel) Thurmond, Murray Route Eight; two nieces, Mrs. Nelson (Dorothy) Johnson, Gary, Ind., and Mrs. Jack (Louise) Cochran, Murray; two nephews, Gene Thurmond, Murray, and Guthrie Thurmond, Laviola, Mich.; two cousins, William Diuguid, Murray, and James Diuguid, Sarasota, Fla.

The funeral will be held Tuesday at two p. m. at the chapel of the Blalock-Coleman Funeral Home with the Rev. Dr. James A. Fisher officiating. Burial will follow in the Murray City Cemetery. Friends may call at the funeral home.

NEW OFFICERS: Six students and faculty members have been installed as officers of the newly-organized Murray State University chapter of Beta Gamma Sigma, a national scholastic honor society in business and administration. Five, shown above with Ron Slone, managing director of the American Assembly of Collegiate Schools of Business, St. Louis, are front row, from the left: Bill Freeman, motel and tourism program director; Jane Brown, Eddyville; Terri Nelson, Benton, president. In the back are Dr. John Thompson, until recently acting dean of the College of Business and Public Affairs, and Dr. Ron Kettering, an assistant professor in the Department of Accounting and Finance. Miss Brown, Freeman and Thompson are members of the nominating committee. David Beeny, the vice president, was not present for the picture. The chapter was organized with 29 initial members.

## Return To Traditional Naval Uniform May Be Ordered

WASHINGTON (AP) — Adm. James Holloway, chief of naval operations, has just about decided to recommend a return to the sailor's traditional uniform of bell bottom trousers, jumpers and little white hats.

A recent Navy poll heavily

Investigation. . .

(Continued From Page 1)

statement concerning the alleged prostitution activity this morning: "It is our understanding that a few days ago a student in the journalism program made the allegation that some students at Murray State are engaging in what is reported to be prostitution in larger cities in Kentucky and Tennessee.

"The student source of the report has apparently refused to make public the names of the people involved or any other information which would affirm or discredit the allegations.

"We do not know whether the information is valid or not. The charges are being investigated by the Kentucky State Police and we trust that all facts relating to the allegations will be thoroughly investigated."

Harbison's article alleges that from 14 to 17 MSU coeds are involved in the prostitution activity according to Denbow.

Trooper Wright said this morning that the state police have not yet established any definite connections with MSU coeds, however.

influenced Holloway's thinking on how to resolve one of the most fractious internal issues in the fleet.

That official poll confirmed less scientific but clear indications that the new uniform of coats, white shirts, black ties and peaked caps is massively unpopular in the enlisted ranks.

The new uniform became compulsory nearly two years ago.

The Navy's sampling of opinion among more than 8,500 sailors produced a vote of about 86 per cent or 87 per cent in favor of restoring the old-style uniform.

Navy officials said sailors of

all ratings were polled at major bases in San Diego, Calif.; Norfolk, Va.; Charleston, S.C.; Yokosuka, Japan; Rota, Spain, and Subic Bay, the Philippines.

Detailed results are not yet available, officials said, because experts are still analyzing replies to 36 questions asked each sailor. The questions sought reasons for opinions on uniform style, as well as views on personal appearance, uniform cleaning problems and related matters.

According to present indications, Holloway may approve the old-style uniform for the five lowest enlisted ranks.

## Ordination Has Forced Standoff

GRAVEL SWITCH, Ky. (AP) — The ordination of 24-year-old Suzanne Coyle here has forced a stand-off between the Beech Fork Baptist Church and its local association.

The church, which ordained Miss Coyle in February, says it will ignore a directive from The South District Baptist Association to rescind the ordination by October or lose its fellowship.

"We don't plan to take any more action. We will not rescind Suzanne Coyle's ordination," said Mike Jamison, the church's pastor.

Baptist spokesmen say a split with the local association

would not prevent the church from maintaining its relationship to the larger Kentucky Baptist Convention or the Southern Baptist Convention.

According to a spokesman for the Baptist Press, the news service of the Southern Baptist Convention in Nashville, Suzanne Coyle is one of more than 20 women who have been ordained as a Baptist minister over the last 12 years.

However, James Young, the spokesman, said she is only the second woman to serve as a pastor, one who leads a congregation.

Miss Coyle, who is employed

## Rescue Squad Recovers Cat

The Calloway County Fire-Rescue Unit was called recently to the Blackford House, on Highway 121 North, to rescue a cat from the roof. Spokesman for the squad said the cat was recovered safely with equipment at the scene, and the rescue squad equipment was not required.

## Patricia Hearst Scheduled To Be Sentenced Today On Charges

LOS ANGELES (AP) — Six months after her release on \$1.25 million bail and almost three years since she surfaced here as "Tania" with machine gun in hand, Patricia Hearst faced possible return to prison.

Miss Hearst was scheduled to be sentenced today on assault and robbery charges for firing two machine guns at Mel's Sporting Goods store in suburban Inglewood on May 16, 1974, to provide cover for escaping -Symbionese Liberation Army "comrades," William and

Emily Harris.

The convict heiress, a kidnap victim who joined forces with her revolutionary abductors in 1974, pleaded no contest April 18 to charges. The judge noted that this was tantamount to a plea of guilty.

The potential sentence for the 23-year-old newspaper heiress ranged from as little as straight probation to as much as 15 1/2 years to life in prison.

"We are going to ask for leniency and understanding from the court," said her Boston attorney, Al Johnson.

It was believed that a probation report submitted to the judge last week recommended a light sentence or probation, and the district attorney's office has stressed that the judge has wide discretion in setting a penalty.

Even probation would not necessarily mean freedom, since Miss Hearst is under a seven-year prison sentence for robbing a San Francisco bank. She was freed on bail pending appeal of that conviction, and the 9th U.S. District Court of Appeals is expected to rule soon in that case.

If her appeal is rejected, she could return to serve at least 14 months before being eligible for probation.

At her San Francisco trial last year, Miss Hearst insisted

she had fired out of fear instilled by the terrorist SLA. But the Harris, at their trial, said they gave her no orders and the gunfire was so surprising that they had to duck to avoid being hit.

The Harris, convicted of kidnapping and robbery but acquitted of Miss Hearst's six machine gun assaults, are serving sentences of 11 years to life in state prison. They are awaiting trial in Oakland on charges stemming from Miss Hearst's Feb. 4, 1974, kidnapping.

Since her release from prison last November, Miss Hearst has lived with her parents and a platoon of bodyguards in the San Francisco area. In recent months, she has been seen at San Francisco restaurants and night spots, always accompanied by bodyguards.
